Assembly and Senate bills, including many of our sponsored bills, continue to move through policy and fiscal committees. AB 2801 (Saldaña), which simplifies the process for converting the Commission's order to a judgment, passed the Assembly Elections Committee and the Assembly Judiciary Committee. AB 2112 (Karnette), which limits the number of 120-day demands a party can bring, passed the Assembly Appropriations Committee with bipartisan support. SB 1693, to increase the major donor reporting threshold, passed the Senate Elections Committee and is now heading to the Senate floor.

### INFORMATIONAL ITEMS

Bills Amending the Political Reform Act			
Bill No.	Author	Title	Introduced/Amended

**AB 583      Hancock      California Clean Money and Fair Elections Act of 2006      A-04/17/06**

This bill would enact the California Clean Money and Fair Elections Act of 2006, which would authorize eligible candidates, as defined, to obtain public funds according to specified procedures and requirements, provided that certain thresholds are attained. It would add contribution limits that limit contributions to a candidate for statewide elective office who does not participate in Clean Money Fund funding. The bill would impose responsibility for the administration of the provisions of the bill on the Fair Political Practices Commission. It would also create the Clean Money Fund, and commencing on July 1, 2008, would transfer an amount per California resident 18 years of age or older, from the General Fund to the Clean Money Fund for the purpose of the public financing provisions of this act. This bill would make funding for the administrative and enforcement costs of the act subject to the appropriation by the Legislature.

**Status:** Senate Elections Committee

**Position:** None taken

**AB 709      Wolk      Candidate-controlled ballot measure committees      A-06/28/05**

Imposes a \$5,600 limit on contributions to ballot measure committees controlled by elective state office candidates. Primarily formed ballot measure committees would be subject to the post-election fundraising restrictions in the Act. The bill aggregates contributions to multiple ballot measure committees in support of, or in opposition to, the same ballot measure that are controlled by the same state candidate. It would also require the Secretary of State to submit the bill's provisions to the voters at the November 8, 2005 election.

**Status:** Senate Elections Committee

**Position:** Support

**AB 1391      Leno      Campaign disclosure: general purpose committees      A-08/18/05**

This bill clarifies whether a general purpose committee is a state, county or city general purpose committee. Recent amendments add additional layers of Statement of Economic Interests income disclosure to include categories from \$100,000 to \$2 million. These amendments also expand upon an existing prohibition against personal use of campaign funds.

**Status: Senate Elections Committee**

**Position: Sponsor section 2, Support if amended section 1**

**AB 1558      Wolk      Pilot project: financial interests in public contracts      A-01/19/06**

This Commission-sponsored bill would initiate a pilot project to allow the Commission to issue opinions related to Government Code section 1090 questions.

**Status: Senate Elections Committee**

**Position: Sponsor**

**AB 1759      Umberg      Campaign Expenditures Disclosures      A-01/19/06**

This bill would require committees other than primarily formed committees to disclose contributions or independent expenditures totaling \$5,000 or more to support or oppose the qualification or passage of a single state ballot measure within 10 business days of making the contribution or independent expenditure. The bill intends to close loophole that allows ballot measure proponents to delay disclosing their financial supporters by funding a ballot measure campaign through a general purpose committee. The contents of this bill are almost identical to AB 938 (Umberg), which passed both houses and was vetoed by the Governor. However, AB 1759 appears to address the Governor's veto message by lowering the threshold of \$10,000 (as it appeared in AB 938) to \$5,000 as it currently reads in AB 1759.

**Status: Passed Assembly, now in Senate**

**Position: None taken**

**AB 2112      Karnette      Political Reform Act of 1974: civil actions      A-04/04/06**

This Commission-sponsored bill would reduce the number of 120-day demands that may be filed by an individual or group to 10 within a 12-month period and would authorize a court to permit additional filings under specified circumstances. This bill would also specify that a civil action by the individual or group is prohibited if the Commission issues an administrative order or publishes a declaration of no violation. It would require that the individual or group notify the respondent when a demand is made. The bill would also require that a court consider Commission rules and regulations in determining a judgment amount in cases brought under the civil action provisions.

**Status: Passed Assembly Appropriations Committee, now in Assembly**

**Position: Sponsor**

**AB 2219      Torrico      Political Reform Act of 1974      I-04/25/06**

This bill would permit campaign committees to voluntarily collect the interest accrued by accounts regulated by the Political Reform Act and pay the collected amount to the State Treasury for appropriation to the Commission. These appropriated funds would be in addition to appropriations already specified in the Act for the Commission and could be expended only to carry out the parts of the Act that regulate electoral and campaign processes relating to ballot propositions.

It would also designate the Superintendent of Public Instruction as the code reviewing body for a county board of education, a county office of education of a county with only a single school district, or a school district of a county with only a single school district. The bill would also delay the online or electronic filing requirements for certain general purpose committees and slate mailer organizations with cumulative contributions and expenditures less than \$50,000 over 3 years until January 1, 2010, or until the first filing due more than 6 months after the Fair Political Practices Commission has certified that the free online filing processes developed by the Secretary of State are sufficiently simple to access and use.
